

"And when I deposit the \$150, can I withdraw the \$5,150?"

 After making a deposit of \$150, your account will be verified and you will have access to withdrawal. Your entire balance is available for withdrawal within the minimum withdrawal limit. The technical specialist does not have access to your balance. You can see your balance in the upper-right corner of the screen. The balance is displayed in USD.

What is the minimum withdrawal amount? And if I receive a promotional code of \$1,500 to be able to withdraw the earnings, what amount must be covered to make that bonus effective?

And if I deposit the \$150 and don't want to continue, and I want the \$150 returned to my account, how do I proceed?

 There are no limits on the withdrawal amount on our website. You can withdraw any amount that you have in your account. However, there is a minimum withdrawal amount
